

Experience the Connecticut River

With Great River Outfitters

What to expect: Spend the day outside on a scenic, pristine section of the Connecticut River in kayaks or canoes. You may see eagles soar overhead, sandpipers nesting on the banks, spy a heron peeking in the tall weeds, or a family of ducks passing by as you pass beneath one of North America's largest wooden covered bridges, lending to the river valley's rich history of a time gone by. Make the **Path of Life Sculpture Garden** a stop along the way, giving you direct access to **Artisan Park**. Take time to experience the story of the great circle of life represented by the sculptures and then enjoy lunch right here with wood fired pizza and fresh craft beer at **Harpoon Brewery**.

How It Works: Great River Outfitters provides a shuttle from Wilgus State Park to our location in Windsor, VT. Where we will outfit you and shuttle you to your put-in location.
